

Next week will be the official Spring Opening in Portsmouth when everyone in Rockingham and Strafford Counties, N. H., and York County, Me., will be invited to come here to see what our merchants have to offer. The invitation goes out through the columns of The Herald and the special announcements will appear in these columns, Thursday and Friday, March 27 and 28. Portsmouth is planning to give the people a real treat in the way of Fashion Shows and attractive displays. It will be Visitors' Day in every store. Come to look around—purchase if you wish, but as one of our local merchants advertises: "Looking is no obligation to buy." The local merchants want you to invite your friends from everywhere to COME.

THE OPENING OF SPRING FASHION WEEK

THE WEATHER

Washington, March 21.—Unsettled weather, probably with snow to night and Saturday. No change in temperature. Increasing east and northwest winds.

SHOTS FIRED IN EXCITING CHASE OF RUM RUNNERS

Two Men Captured on Lafayette Road and Automobile With 80 Gallons of Alcohol Confiscated

After a chase in which shots were fired two rum runners were captured on Lafayette road yesterday afternoon and a car with 80 gallons of alcohol seized. The raid was staged by Sheriff Ceylon Spinney, assisted by Federal Prohibition Officers Eager and Ellingwood.

The men apprehended were Azade, Auger of 17 High street, Lynn, Mass., and Daniel Flynn of 36 Park street, Lewiston, Me. A third member of the party whose identity is unknown made his escape by running off in the direction of a swamp.

The dry agents were on duty on Lafayette road when the machine came through from Massachusetts en route to Portland. The occupants spotted the enforcement officers and attempted to turn around and return to Boston.

In turning around the automobile became stuck in the snow and Auger and Flynn and the other occupants succeeded in getting out and made an attempt to get away.

The fugitives failed to stop when they were stopped by Officer Ellingwood and were apprehended.

Auger, who has been arrested, is charged by the authorities, three times during the past few weeks on liquor charges, sought shelter in the barn of Fred Day and was found

about half an hour later concealed beneath a canvas covering of a mowing machine.

Auger and Flynn were both later arraigned before Judge Ernest L. Cuptill in municipal court. The former pleaded not guilty, while Flynn pleaded guilty to illegal liquor transportation. Both were found guilty and fined \$100 and costs and held in \$800 for their appearance before the Federal court at Concord. They were lodged in the county jail.

AGED WOMAN IS ATTACKED

Concord, March 21.—Mrs. Helen A. Richardson, 82, is at the Margaret Pillsbury hospital in a serious condition as the result of a murderous assault upon her at her farm home on the Pittsfield road, three miles from this city yesterday. Daniel F. McGinn, 50, a lumberman is occupying a cell at the police station to await further investigation of the case and the result of Mrs. Richardson's injuries. Mrs. Richardson was found by her son unconscious and bleeding from many wounds on her head. The son said that his mother had drawn \$25 from a Concord bank and that his was missing.

RAILROAD DETECTIVE MURDERED

(By Associated Press)
Trenton, N. J., March 21.—While on his way to a railroad shanty early today to question a stranger whom he found prowling around the Pennsylvania railroad tracks, Martin J. Caffney, a detective in the employ of the railroad, was slain. Three bullets were fired into his body.

U. S. SAILORS WILL REMAIN IN HONDURAS

(By Associated Press)
Washington, March 21.—American bluejackets are to remain in Tegucigalpa, capital of Honduras until American lives and property are afforded adequate protection by the Honduran authorities.

DENTIST DIES SUDDENLY AT GOFFS FALLS

(By Associated Press)
Manchester, March 21.—Dr. James R. Monteith, 44, well known Manchester dentist died at Goff's Falls yesterday. Death was ascribed to natural causes by Dr. James J. Powers, medical referee. Dr. Monteith was born in Fitchburg, Mass., and received his early education in the schools of that city and studied dentistry in the University of Belfast, Ireland, where he received his degree. Before coming to Manchester he was an office manager and dental surgeon for the King Dental Company.

PAID \$200,000 FOR WITHDRAWALS

SEEK TO PREVENT CALLING SINCLAIR

(By Associated Press)
Washington, March 21.—Counsel for Harry F. Sinclair waged a two-hour legal battle with the oil committee today in an effort to have their client excused from further questioning. Challenging the committee's authority to proceed with the inquiry after the validity of other leases had been passed upon in a resolution of Congress and contending that "in fairness

and justice" Sinclair should not be made to testify while charges of fraud are pending against him in courts, Martin Littleton of the Sinclair counsel, told committee members that there course was a "monstrous proposition" and an "outrage." Senator Walsh did not agree with the Sinclair attorneys, but some committee members wanted more time to think it over and adjournment was taken.

GARDINER WINS OPENING GAME

(By Associated Press)
Medford, Mass., March 21.—The Gardiner, Mass., high school basketball team defeated Montpelier, Vt., high school 28 to 27 in the first game of the Tufts college interscholastic tournament today.

The New Haven Commercial high school defeated Holyoke high school, 24 to 23.
Pittsfield, Mass., high defeated New Haven high school 29 to 19.
Burlington defeated New Haven High 29 to 19.

BLIZZARD IN WESTERN STATES

(By Associated Press)
Chicago, March 21.—Spring is being ushered in by one of the year's worst snow storms. Three storms, according to the weather man, are scattering the snow from the lake to gulf through

the northern Rocky Mountain region, the Central Valley, through the plains states and lake area. Chicago fell under the sweep of a gale from the north driving the snow all night in a blinding blizzard. In St. Louis the snow blocked traffic and crippled railroad, telephone and telegraph service. From Indiana and Illinois points early testimony came as to the severity of the March blizzard. Nowhere, however, was the temperature reported severe.

CLAIMS SHE WAS SHOT BY HUSBAND

(By Associated Press)
Arlington, N. J., March 21.—Roy W. Wingate was found shot to death lying across the bed in his room late last night by his 14 year old daughter Jeanette. Mrs. Wingate lying nearby was bleeding from wounds near the heart. A revolver was clutched in the man's hand; the police said. Mrs. Wingate who was still conscious when police answered her daughter's summons, accused her husband of shooting her and then taking his own life, she said. Mr. Wingate was a member of the construction firm of Cauldwell, Wingate & Co. of New York. The family is socially prominent.

Witness for Daugherty Probe Testifies He Turned That Amount Over to Will Orr and His Partner

(By Associated Press)
Washington, March 21.—More collections of \$1000 bills were unearthed today in testimony before the Daugherty investigating committee. This time they were for illicit withdrawal of whiskey from Federal warehouses. John Garoni, president of the Alps Drug Co. of New York, testified that after having been refused withdrawals by Prohibition Commissioner Hart he had paid Owen Murphy, a partner of Will A. Orr \$150,000 and Orr himself \$50,000 for withdrawal permits. Orr, Garoni testified, was selling withdrawal permits for \$15 a case and he understood Howard Manning, a friend of the attorney general who had a desk in the "little green house" on K Street, got \$2 a case for his part. \$50,000 in \$1000 bills, Garoni testified, was collected from other parties, among them a liquor dealer named John Lynn, who later hanged himself. "How much of this \$200,000 was for liquor?" Garoni was asked. "No liquor at all," he replied. "That was just for permits." The transactions were between May and August 1921, Garoni said and for signing the withdrawal applications the drug companies got a fee of \$1 a case. After the drug companies got the permits anybody could get the liquor. The fee of \$1 a case was for the use of drug companies names to get permits into the hands of bootleggers.

WILL START SEA WARFARE

(By Associated Press)
New Orleans, La., March 21.—The Mexican gunboat Brava steamed for Mexico early today to start sea warfare expecting to drive rebels from their port strongholds.

RELIEF CORPS WHIST PARTY

Storer Relief Corps No. 6, held another in its series of invitation whist parties Thursday afternoon at the home of Mrs. Harry Chick on Porter street. Seven tables were occupied, and after the game the first favor was awarded to Mrs. H. B. Merrifield; the second to Mrs. Fred Harrison and the consolation to Mrs. Beth Plummer. An informal social hour followed and the hostess served tea and chicken patties. The next party in the series will be held with Mrs. Plummer at her home on Maplewood avenue.

"THE RELIGION OF PRESIDENT ELIOT"
In recognition of the ninetieth birthday of Dr. Charles W. Eliot, president emeritus of Harvard University, which occurred on March 20, Rev. William Safford Jones will take for his subject at the South Church (Unitarian) Sunday morning "The Religion of President Eliot."

Visitors will receive a cordial welcome at this service in honor of a great modern Puritan.

ANOTHER PROBE RECOMMENDED

Washington, March 21.—Creation of a committee to investigate charges that millions of dollars worth of government bids have been duplicated at the Bureau of Engraving and Printing was recommended today to the house by its rules committee.

MRS. FRANCIS DIES IN TEXAS

The death of Jane Berry Francis, wife of Hon. David R. Francis, former ambassador to Russia, former Governor of Missouri, and well known summer resident of Rye Beach, occurred on Thursday night at San Antonio, Texas.

MICHAEL CASSIDY DIES IN EXETER

Michael H. Cassidy who died recently and suddenly at Exeter, was a former employ of the Atlantic Corporation where he was disabled during the war by a severe accident. Suit against the company resulted in a verdict in

BRAZIL BELIEVES IN BENEFITING FROM FOREIGN GUIDANCE

Rio De Janeiro, Brazil.—Foreign missions have become the fashion in Brazil. A French army mission under the command of General Gamelin has been here for about three years, assisting in the reorganization of the Brazilian army. An American naval mission commanded by Rear Admiral Carl Vogeleisang has been working here for a year introducing modern methods in the Brazilian navy. A British financial and commercial mission arrived in Rio de Janeiro Dec. 31 at the invitation of the Brazilian government.

All of these missions have attracted public interest both within and outside the country. The army and navy missions have been the cause of comment and criticism in the other South American countries. Now the British financial and commercial mission is focusing the attention of the commercial representatives of other countries.

In a statement to The Associated Press, Sir Edwin S. Montagu, chief of the British mission, said that the Brazilian Government wished to carry out without delay a general plan of financial restoration and to give the greatest economic national development, especially to cotton, iron, petroleum, coal and other products, and banking organization from the point of view of exchange. For this reason it had secured a visit to Brazil on the part of men eminent in the world of industry, finance and economics in order that their direct knowledge of the affairs of the country, and its great productive capacity, may result in freer application of English capital to the prosperity of Brazil. Members of the mission said they expected to remain here about three months.

Both the Brazilian government and the British mission have avoided making any statement concerning possible loans to Brazil, but it is rumored that British capitalists have suggested the formation of a syndicate to take over and consolidate all Brazilian indebtedness to other countries, and to advance further sums for Brazilian necessities in the near future.

MIGRATORY WORKERS ON FARMS WILL BE GUIDED IN TRAVELS

Sacramento, Cal.—Migratory farm workers of California, an army numbering more than 125,000, moving in a desultory way from one harvest to another, are to be guided in their ramblings by a cooperative farm labor exchange, launched here by farmers of northern and central California.

Organization of the Farm Labor Exchange is being perfected. Its chief purpose will be to stabilize labor and equalize the supply in all counties.

J. A. Teagarden, of Auburn, Cal., elected head of the exchange, said the question of labor was perhaps the most important one facing the American farmer. The farmers themselves must solve this difficulty, he contended. The new organization plans to study the labor situation and fix a wage scale for farm hands. Through the activities of the exchange, it is hoped that farmers will be kept from bidding against one another for labor. Thus, it is pointed out, farm workers will have a more stable and permanent form of employment.

"We must have standard wages," said Dallas H. Gray, representative of one of the counties. "The farmers can not afford to be bidding against themselves. Justice must be done the working man and he must be kept from shifting constantly about every time he hears a rumor of higher wages in another section."

"We will have offices throughout the state and they will direct laborers as they are needed in the various districts. The exchange also will assist in keeping workers constantly employed by knowing in advance the dates when harvesting begins in the different sections."

It was said that fixing a wage scale was not intended to force down the pay of farm labor below the cost of living, but rather was to prevent labor "thefts." The exchange also will investigate and report on better housing and better working conditions for the farm employees.

"It is the greatest cooperative effort ever launched by American farmers," in the belief of Mr. Teagarden.

FLYING 80 YEARS AGO

A model of a helicopter (a flying machine sustained by one or more air screws turning on vertical axes) from plans drawn eighty years ago by Sir George Cayley, was constructed recently by Paul Gerber, custodian of airplane models in the National Museum at Washington, D. C.

Take Salts If Rheumatism is Bothering You

Tells Rheumatism Sufferers to Take Salts to Get Rid of Toxic Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat no sweets for awhile, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water.

Rheumatism is caused by uric acid or body waste matter, and is often generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of filtering the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste and stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

The design, although contrived years before an airplane flew, is strikingly similar to those of recent helicopters and aeronautical engineers assert that with a few modifications based on modern aircraft principles, a large machine constructed on the original plans undoubtedly would fly.

ONLY TWO FORMER CONGRESSMEN FROM THIS STATE ALIVE

Both are Democrats—29 Have Served from New Hampshire Since 40th Congress

Only two ex-congressmen from New Hampshire are now alive, Raymond B. Stevens and Eugene B. Reed, both Democrats. Since the 40th Congress, 29 different men have been members of the various Congresses. Of these Cyrus A. Sullivan, the tall pine of the Merrimack, served 10 terms and died soon after entering upon his eleventh. Frank D. Currier of Canaan of marked ability as a presiding officer, served six, and Edward H. Watson of Nashua is now upon his fifth. James P. Briggs of Manchester, afterwards speaker of the New Hampshire House, Mr. Blair and Sherman E. Burroughs each served three; while 13 had two terms and 10 but one.

Only 9 out of the 29 who served were Democrats.

STATE RESULTS OF STUDY OF MANY FERTILIZERS

The annual study of fertilizers sold in New Hampshire for the past year made for the State Department of Agriculture by the Agricultural Experiment Station, has just been published. Among the points brought out are the following:

The use of fertilizers of low analysis is decidedly uneconomical, since it costs just as much to mix, bag and deliver a ton of one grade as another.

On the basis of average charges, a unit of nitrogen, i. e., 20 lbs., cost \$18 in a 1-8-2 fertilizer, whereas in a 4-8-4 grade, it cost only \$14.50.

Five brands of acid phosphate were analyzed, ranging in price from \$20 to \$55 a ton, although the percentage of available phosphoric acid ranged only from 16.00 to 17.7 per cent.

Analysis of five brands of sheep manure showed that their cost was nearly three times the commercial value of the fertilizer which they contained.

Fertilizers should always be bought on the basis of the cost per pound of plant food rather than the cost per pound of the gross product.

Deficiencies in the guaranteed contents were found in 21 per cent of the samples. Buyers are advised to study the tables showing these analyses and to purchase from the manufacturers who maintained their guarantees.

Constipation breeds 40 diseases

What a wreck of the human body constipation can make. It floods the system with dangerous poisons. It leads to serious diseases. Don't neglect it!

Kellogg's Bran, cooked and krumbled, if eaten regularly, is guaranteed to relieve permanently the most chronic cases of constipation. If it fails, your grocer will return your money. Kellogg's is ALL bran. Doctors recommend it. They know that only ALL bran can bring 100 per cent results.

Kellogg's Bran stimulates the intestine in nature's own wonderful way. It sweeps, cleans and purifies! It makes the bowels function naturally—and regularly.

Kellogg's Bran has a delicious, nut-like flavor. Eat it with milk or cream—or in the recipes given on every package. Eat two tablespoonfuls daily—in chronic cases, with every meal. All grocers.

Kellogg's

the original BRAN—ready to eat

Look for this signature H. K. Kellogg

COAST OF CALIFORNIA SEARCHED FOR BURIED TREASURE OF PIRATES

Del Monte, Cal.—Secretive but systematic hunts for buried treasure along the Monterey peninsula, on the Pacific coast, are reported here.

According to Monterey legend, Carmel Bay and Stillwater Cove were favorite haunts of smugglers and pirates in the old days before Monterey became a Spanish settlement.

The remains of an old Spanish galleon, believed to have been taken as a prize in the days when Sir Francis Drake's ships scoured the seas, has been found in Stillwater Cove. Old residents of Monterey have innumerable relics of the days when sea rovers put into Carmel Bay for shelter and fresh water. Iron rings and fragments of chain have been found on

rocks now submerged, and, inland, there are many strange marks carved on trees. Arrows and crosses cut in the trees of a deserted Indian village above Pebble Beach support the tradition that this once was the retreat of pirates.

Gouverneur Morris, the author, who lives in the town of Monterey, is one of those who believe that somewhere on the peninsula treasure is buried. One of his prized possessions is a great iron key of ancient Spanish make which he picked up on the shoreward edge of Pebble Beach golf course. He believes that this was the key to an old treasure chest, and he has spent many hours prowling about the rocky shore looking for the chest.

There is some talk at Pebble Beach of organizing a company of property owners to institute a scientific hunt for treasure. Several residents of the fashionable Pebble Beach colony, however, have employed guards to protect their properties from the depredations of the free-lance treasure-seekers. They are more interested in saving their grounds, and trees than in the possibility of locating the supposed buried treasure.

HELD IN CHURCH BLAZE

Lawrence, Mass., March 20.—Nick McInck, 36, of Concord street was ordered held for the grand jury today on a charge of setting fire to the Russian Orthodox church of Saints Peter and Paul here on March 16.

Francis Bairand, a French artist painted the original picture from which the trade mark, "His Master's Voice" was copied.

Latest Patents of Interest to Motorists

Recently Granted by U. S. Patent Office

Compiled by CLARENCE A. O'BRIEN, Registered Patent Attorney, Washington, D. C.

1,481,965. BUFFER. George Albert Lyon, Philadelphia, Pa.

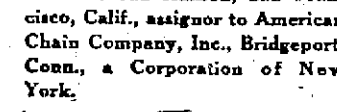

1. The automobile buffer comprising two spring steel strip members each having a rearwardly extending attaching member, an end loop and an inwardly extending connector portion having a forwardly bent V-sectioned stiffening aligning cross section, a co-operating contact connecting member of spring steel plate having outwardly extending connector portions formed with similarly bent V-sectioned aligning cross section co-operating with the connector portions of said spring strip members, said contact connecting member having vertically separated upper and lower contact portions of similarly stiffened angularly bent cross section to form a generally diamond shaped contact member at least three times as high as said strip members adjacent the central part of the buffer, and clamping devices to rigidly hold together the co-operating connector portions.

1,482,078. ADJUSTABLE VISOR. Elmer Hiett, Newcastle, Ind.

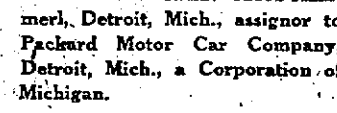

1. An adjustable visor comprising in combination, a frame including a front compression member and upper and lower side members at each end portion of said compression member, the upper and lower side members at each end of the visor swingable toward and from each other with the fulcrum at the end portion of said compression member, a flexible panel fitting between the upper side members and a flexible panel fitting between the lower side members, and flexible devices connecting the side members and end portions of their respective panels, said flexible devices having a tendency to draw the free end portions of opposite side members toward each other and retain the flexible panels taut, when an object is interposed between the free end portions of said side members.

1,481,364. AUTOMOBILE BUMPER. ER. Conrad Hansen, San Francisco, Calif., assignor to American Chain Company, Inc., Bridgeport, Conn., a Corporation of New York.

1. The combination with a bumper member designed to extend across the end of an automobile, of rearwardly extending attaching arms therefor, said arms having means at their rear end for attachment to the automobile frame and having intermediate offsets forming abutments to engage the automobile frame members, endwise and thereby resist impact against the bumper member, said attaching arms comprising flat steel bars lying in a vertical plane, said arms having a portion between said end attaching means and said abutment disposed at an angle to the vertical to afford clearance when in place upon the machine.

1,481,836. CURTAIN LIGHT FOR MOTOR VEHICLES. Jacob Hammerl, Detroit, Mich., assignor to Packard Motor Car Company, Detroit, Mich., a Corporation of Michigan.

1. In a curtain light, metallic pane and fabric clamping members, a screw connecting said members, having an inwardly projecting shank, a threaded stud on said screw, and a finishing member adapted to cover a face of said clamping members, and having a spring socket means to engage said stud.

1,481,595. PISTON-RING-FILING DEVICE. John A. Flanders, Tampa, Fla.

1. In a piston ring filing device, a piston ring support means for guiding a file element operating between the terminals of a piston ring supported thereby, and means coaxing with such ring when the latter is pressed against the support to force the terminals thereof against respective faces of an operating file element, said means acting to maintain the alignment of the terminals of said ring with each other.

1,482,338. LUGGAGE CARRIER. John Zilliox, Orchard Park, N. Y.

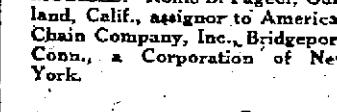

1. A luggage carrier, comprising a horizontal base, a standard connected at its lower end with one end of said base and provided at its upper end with a button having a reduced neck and an enlarged head, and a brace detachably connected at its lower end with the opposite end of said base and provided at its upper end with a curved lip which engages its convex side with said standard and which has a longitudinal slot receiving the neck of said button.

63,842. COMBINATION LAMP AND LICENSE-PLATE HOLDER. Wesley E. Cochran, Cleveland, Ohio.

The ornamental design for a combination lamp and license plate holder as shown.

1,482,226. BUMPER FOR AUTOMOBILES. Rollie B. Fageol, Oakland, Calif., assignor to American Chain Company, Inc., Bridgeport, Conn., a Corporation of New York.

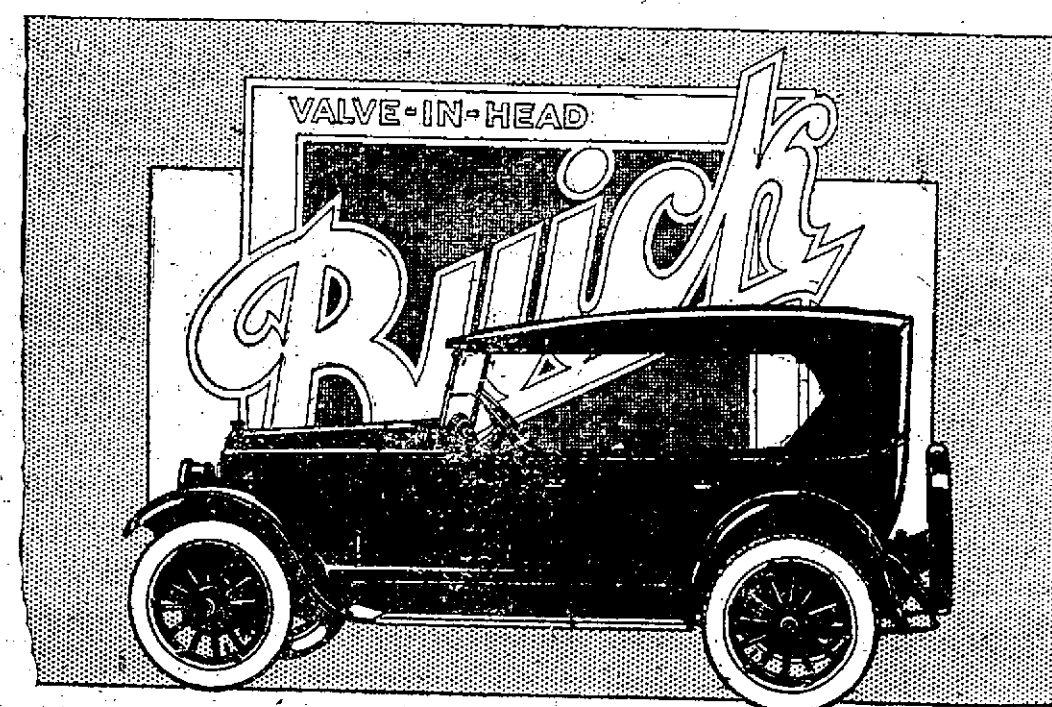

1. A bumper for automobiles comprising a pair of flat resilient loop ends having forward portions terminating in the same horizontal plane, the ends of said portions being spaced apart a distance substantially equal to a car frame upon which the bumper is mounted, and an increased impact area plate interposed between and connecting the forward terminating ends of said horns, said plate being pressed from a single piece of metal to form a substantially elliptical frame of channel section, the inner edges of said frame sections being integrally united by a web.

1,481,822. JACK. William Bengel, Newport, Ark.

1. A jack including an upright having a supporting base and opposite ratchet faces; a lever slidably guided on the upright and oscillatable with respect thereto, said lever being directly engageable with the work at one end and having an opposite handle end, spring controlled dogs pivotally supported by the lever and having depending portions engaging the ratchet faces of the upright, and a member carried by and shiftable with the lever and movable between in engagement with the engaging portions of said dogs to force the latter out of engagement with the ratchet faces of the said upright.

The Greatest Tribute to Buick

Wherever you go, people take Buick quality for granted. They accept it, like any established fact. There is an excellent reason for this. For twenty years Buick cars have given thoroughly dependable, satisfying and economical performance to Buick owners everywhere. Let us give you first hand knowledge of Buick quality by a demonstration in the model of your choice.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

TRAP CONFIDENT OF DEFEATING BERWICK HERE

There is much interest in the baseball game tomorrow evening when Trap Academy meets Berwick Academy to play off a tie for the York county league championship. It will be held at Freeman's hall and there is plenty of evidence that it will be a hot game. Both teams have won a game and both are confident that they can win with a neutral floor and Harry Swasey refereeing it will be the best team to win.

Trap has had a great year in baseball and will be backed tomorrow night by half of the town of Kittery and Berwick Academy will also have a delegation, as they can get back on a train arrangement having been made to have the train stop here.

N. H. SECOND LOWEST IN NEW ENGLAND IN AUTO REGISTRATION

Washington.—New Hampshire had the second lowest number of cars and motor trucks on the registration list for any year of the New England states, says a report from the office of the secretary of the department of agriculture.

All You Need
in a Good

MUELLER'S
EGG NOODLES

COOKS IN 9 MINUTES

MUELLER'S
Delicious
EGG NOODLES

Never be without MUELLER'S in your pantry

The number registered was 59,604, while Massachusetts, which had the largest number in New England, had 418,150. Vermont had the least number of cars and motor trucks registered, having but 52,775. The total number registered in the United States was 13,092,177. Receipts from registration fees, licenses, and permits in New Hampshire amounted to \$1,571,326.96, and the receipts from a gasoline tax amounted to \$152,064.94. Thirteen states had no gasoline tax, two of them being New England states, Massachusetts and Rhode Island, says the report.

The department states: "While owners of motor vehicles are insistent in their demand for more and better roads, the statistics show that they are bearing a very considerable share of the cost of the roads, especially of the cost of maintenance of state highways. Gross receipts from registration fees together with the licenses of drivers, chauffeurs, etc., amounted to \$138,900,000 or 23 times the amount derived from this source in 1913. During the same period motor vehicle registrations have increased 12 times."

LOSES BUILDINGS FOR SECOND TIME IN THREE YEARS

Rochester, March 21.—An overheated stove caused the destruction of the house and large barn owned by Oliver Foss in the Stratford Ridge section yesterday afternoon, entailing a loss of \$1500 on which there was a small insurance. This makes the second time in three years that Mr. Foss has lost his buildings by fire.

KITTERY NEWS

Kittery, March 21.—Lieut. and Mrs. Charles Cushman of Whipple St., are rejoicing over the arrival of a little son.

Frederick Young, a student at Bates College, has arrived at his home on Ferry Lane, to pass the spring vacation.

Mrs. Adley Williams of Friend St., who is very ill with plural pneumonia is reported to be a little better.

Ladies Aid of the Second M. E. church are to hold a cooked food sale March 28 from 12 to 5 o'clock in the Boston store. They sold all out in a short time at the last sale and promise to have plenty for all at this one.

Mrs. Burditt Eldridge of Dennett road was injured last week by falling down stairs.

The Kittery Boy Scouts will meet at the local postoffice next Monday evening and march to Kittery Point where a meeting will be held at Gold-

en Cross Hall. Boys to be in uniform.

The recent supper by the men of North Kittery was a great success. There was an attendance of 100. The orchestra of the local Methodist church rendered many fine selections.

Upholstering and furnishing recovered. H. C. Moody, Ods Ave.

Mrs. Ethel Rand of Rye, N. H., was the guest on Wednesday of Mrs. Charles Philbrick of Philbrick road.

Perfect Attendance, Austin school, grades 7, 8 and 9, Clavibel Duncan, teacher—Dorothy Abel, Albert W. Brown, Ada E. Fernald, Hope Hennessey, Geraldine W. Leyden, Albert L. Seward, James Abel, Roberta F. Ford, Mamie F. Hurley, Alice K. Hurley, Annie M. Seward, Annie G. Stevens.

Grades 1 and 2, Mabelle S. Tibbets, teacher—Carolyn Ford, William Hubbard.

Grades 3 and 4, Marion C. Peaslee, teacher—John DeCoff, Wilson Ford, Flora Hubbard, William Hurley, Gordon Leyden, Robert Smart, Harold Beaudry, Frederick Beal, Roy DeCoff, Fred Hanscom, June Wendall.

Grades 5 and 6, Lucille Parsons, teacher—Earline Abel, Granville Burns, Robert Crover, Ralph Keene, Phyllis Leslie, Norman Leyden, Thomas Morrow, Albert Storer, May Stevens, Elizabeth Taylor, Helen Ford.

George Moore of Dennett road who has been ill is now able to walk out of doors each day.

Regular services are held on Sunday afternoons at the First M. E. church. Services being conducted by Rev. Ernest W. Robinson who will take for his subject next Sunday "The Mystery of Heaven."

The grammar schools closed today for the spring recess.

Miss Fanny Jordan of Mahlen, Mass. is visiting her sister, Mrs. Charles Philbrick and family of Philbrick road.

Newell Watts, a student at Mass. Institute of Technology, who has been passing a vacation at his home on Whipple St. has returned to his studies.

John Perkins who is seriously ill at the home of his daughter, Mrs. Howard Keene, passed a milestone in life's journey last Monday. On Wednesday another of our well known citizens, Frank Trefethen, quietly celebrated a birthday anniversary and on Sunday another well known citizen, John R. Wentworth will quietly observe a birthday.

WANT INCREASE
TO \$1.25 PER HOUR

Bricklayers, Masons and Plasterers at Portland in Conference Tonight on Pay Schedule

The bricklayers, masons and plasterers at Portland, Me., have asked for an increase of pay from \$1.00 to \$1.25 per hour and will meet the contractors association tonight for a second conference at the Pilmouth Hotel. At a previous meeting the contractors requested the masons committee to consider the question carefully before attempting to enforce their demands, pointing out that such an increase, if granted, would in all probability be the forerunner of requests for advances from the other building trades, with subsequent higher building costs and a drop in building operations locally. The increase if granted will be effective on April 1.

City Ash Collections
All paper together with card board boxes and all combustible material must be tied up and kept separate from the ashes. Ashes combined with paper and combustible material or garbage will not be collected.

BOARD OF PUBLIC WORKS.
Per H. B. Dore, Sup't.

FINAL VOTE OF STATE PRIMARY

Only One Change in Democratic Vote in Second District

The presidential primary returns for this state are now complete and the tabulations show no change except that of the second district Democratic delegate.

Republican delegates at large—Brown, 10,250; Challis, 13,425; Estabrook, 16,223; Hall, 16,238; Hislop, 15,581; Moses, 11,147; Parker, 15,434; Schofield, 15,573.

Democratic delegates at large—Brennan, 6,776; Coulombe, 7,927; Jackson, 6,634; Jones, 6,573; Murchie, 6,662; O'Dowd, 6,744; Parker, 6,339; Stevens, 6,634.

Republican alternate delegates at large—Bugbee, 13,927; Cater, 13,718; Donahue, 12,653; Gleasoner, 11,503; Roberts, 13,227; Snow, 13,712; Spring, 13,625.

Democratic alternate delegates at large—Gagne, 5,510; Holmes, 5,405; Martin, 5,504; Normandin, 5,448; Pietersz, 5,185; Ralph, 5,355; Seymour, 5,377; Mayo, 5,322.

Republican first district delegates—Abbott, 5,229; Greer, 4,563; Little, 5,511.

Republican second district delegates—Brown, 8,337; Huestess, 8,790.

Democratic first district delegates—Connor, 5,577; Farley, 5,217; Hurley, 9,637; Keefe, 1,774; Rutledge, 618; Wilkinson, 1,845; Woodbury, 1,219.

Democratic second district delegates—Crowley, 1,134; Doyne, 1,142; Fessenden, 530; Gould, 1,026; Landers, 928; Richardson, 1,504.

Republican first district alternate delegates—Chamberlin, 6,431; Healy, 6,312.

Republican second district alternate delegates—Pearson, 7,397; Warren, 7,269.

Democratic first district alternate delegates—Gerry, 2,986; Sullivan, 2,988.

Democratic second district alternate delegates—Brunner, 2,480; Rogers, 2,510.

Munich—Munich University has the first state professorship of journalism established in Germany. The department will be in charge of Prof. Karl d'Ester. There have been courses in journalism at various German universities for some time, but none has had a professorship.

NEW CASTLE

New Castle, March 21.—Mrs. Frank Dearborn and W. I. Haywood have returned from Farmington, where they attended the funeral of their uncle.

Miss Olive Brown of Portland is the guest of Mrs. John Smith on Barrett road.

A robin was seen yesterday. It seems good to hear his sweet song and it almost assures us that spring is at hand.

Capt. G. B. Ricker returned to Rye yesterday after his liberty.

The townspeople are sorry to hear that Mrs. Charles Giles, one of the oldest women in town, is ill at her home on Elm Court.

Mr. and Mrs. Barkley of Portsmouth spent Thursday with the later's cousin, Mrs. Fred Noyes.

George Simpson came home on liberty yesterday from the Rye Beach coast guard station.

Myles Standish of the Wallis Sands coast guard station was home on liberty yesterday.

In 1881, while Elaine received over 20,000 more votes than Cleveland, the latter was elected by 57 majority in the Electoral College.

Paying For Radio

Calling attention to the fact that the radio public at first content with the broadcasting of almost any kind of noise, is now demanding continually better quality, a big radio station suggests that soon all such entertainment will have to be paid for.

The best musicians do not feel like playing or singing often merely for charity or publicity. The best speakers for whom there is a continually growing demand, will soon expect pay for their efforts just as they would if they were delivering Chautauqua addresses.

This will impose a heavy burden on the broadcasting stations whose expenses are high already. Most of them will not be able to endure the expense without some source of income other than that resulting from the general good-will sought by the institutions operating the stations.

There are two ways in which the increasing expenses may be met. One is by interspersing paid publicity matter in the programs along with the pure entertainment features, charging for them as newspapers charge for their advertising. There is already a small beginning in this direction. It is doubtful yet how the radio public will feel about it. The danger is that obvious publicity stuff intrudes in the program, the listeners by the institutions operating the stations.

In that case, the listeners themselves, may have to bear a good share of the expense. And to tell the truth they ought to. It is not fair to keep on getting something for nothing, even if it were permanently possible. But the taxing of the radio fans is a very difficult problem. Nobody seems to know how to go about it.

Wildflower Vandalism

The wildflower season is now approaching in many sections of the country that have seen nothing but hothouse blossoms for many chilly weeks. Even in the sunny South where there are flowers the year round, spring makes a change and brings new beauties to meadow and woodland. And everywhere in every section of the country, the vandals who look upon the wildflowers as their own special bouquet material, will soon be at their evil work.

If they gathered only a handful to bring charm and daintiness within doors they would not need to be classed as vandals. But the usual picker of wildflowers is a ruthless destroyer who gathers far more than he can use, drops many to wither by the wayside, tears plants out by the roots or strips whole limbs from trees and shrubs. He leaves behind him a trail of dead and dying plants and eventually a barren and unlovely spot of ground. He needs to be stopped and taught better ways.

Bootlegging might stop if the bootleggers, instead of being fined, were forced to drink their own stuff.

GRAMMAR SCHOOL BASKETBALL LEAGUE

The final games were played Wednesday afternoon at the "Y" in the Grammar league. While the playing of the boys was still a bit of the rough and tumble variety, they all show a decided improvement over the playing of a month ago. Another season of playing will work wonders with them.

The best aggregation of ball tossers were the boys of the Farragut school, who won their final contest from the New Franklin five, 25 to 0. Throughout the league they showed their superiority in passing, dribbling and shooting and real team work. The fact that they have played together more also helped them to win the coveted cup, which will be presented to them on the night of the banquet, April 5.

The Whipple school came in second in the race, winning their last contest from Lafayette, 16 to 8. This outfit also did creditable work during the season, improving greatly during the past few weeks. Out of eight starts they lost but two games.

The Lafayette five at the start off were very weak in all departments of the game. As the season progressed they improved to the extent that their final rating showed an even break of four won and four lost. On Wednesday afternoon the Haven five tasted defeat at their hands by a 10 to 3 score. Whipple defeated them 16 to 8, in their second contest during the afternoon.

The Haven and New Franklin quintets finished in the order named. Haven lost its game to the Lafayette boys and the victorious Farragut five trimmed their opponents from Christian Shore. The Haven tossers developed some good individual players, but they lacked the team play so necessary to win. By far the luckiest lot of youngsters were those "in the cellar position." These boys from the New Franklin school fought every minute of play, despite the odds against them, and while they lost continually, it can be said of them that

they were game losers and clean sportsmen.

The final standing in the league:

	Won	Lost	Pct
Farragut	7	1	.875
Whipple	6	2	.750
Lafayette	4	4	.500
Haven	3	5	.375
New Franklin	0	8	.000

DeMOLAY LODGE WORKS DEGREE

At its regular meeting of Portsmouth Chapter, Order of DeMolay, held in the Masonic Hall, Thursday evening, the initiatory and DeMolay degrees were worked on a class of 31 candidates. Over 200 Masons were present at the ceremony. Attorney Harry L. Peyer gave a talk in a series on "American Citizenship practice," his topic being "Voting and Holding Office."

OBSEQUIES

Mrs. Grace W. Call
Funeral services for Mrs. Grace W. Call were held from the home at Kittery Point Thursday afternoon, Rev. John Graham, pastor of the First Congregational church officiating. MIDDLE STREET BAPTIST CHURCH NAMES OFFICERS

A business meeting of the Middle Street Baptist church was held Thursday evening in the chapel on State street for the purpose of hearing the report of the nominating committee and to elect church officers.

The pastor, Rev. E. M. Lake, D. D., presided at the meeting. The routine business was transacted and Frank C. Remick, chairman of the committee on the new by-laws recently adopted, gave his report. The new by-laws provide for four boards, namely, board of wardens, board of education, board of missions and board of deacons. There are also to be standing church committees. An important feature of the new by-laws is that they call for quarterly business meetings at which time written reports of the chairmen of the various boards and committees are expected. The advisory board of the church is new and will be made up of officers of the church and church members of various boards. While advisory in its nature, it can act on important matters in the interim of the quarterly business meetings.

The following officers and boards were elected:
Clerk, Lewis E. Staples.
Treasurer, C. H. Clough.
Financial secretary, Mrs. A. C. Willey.
Auditor, Norman E. Rund.
Bible school supt., Frank C. Remick.
Deacon emeritus, William H. Lovell.
Board of Deacons and Deaconesses—For 3 years, Charles H. Clough, Mrs. William O. Sides; for 2 years, Mrs. Samuel W. Moses, Frank C. Remick; for 1 year, Norman Holmes, Lewis E. Staples.

Board of Missions—For 3 years, Mrs. Eliza M. Lake, Nellie Sides; for 2 years, Earl Woodman, Harold Phipps; for 1 year, Mrs. Atila Baker, Sidney Rand.
Board of Education—For 3 years, Mrs. Harold Phipps, Pearl Heitt; for 2 years, Mrs. Frank C. Remick, Philip Bennett; for 1 year, Wallis Rand, Mrs. Albert E. Rand.
Social committee—Mrs. Manning Akerman, Mrs. Ella Smith, Mrs. Ames R. Locke, Mrs. Nellie Pettigrew, Mrs. John Wright, Mrs. Ernest Juneau.

Flower committee—Elinor Rand, Lottie Bailey, Gladys Hunt, Dorothy Brooks, Doris Yeaton, Gertrude Dyer, Chief usher, Sidney Rand.
Ushers, Ernest Juneau, Earl Woodman, Herschel Allen, Melvin Chandler.
Music committee—Harold Phipps, Flora Dimick, Mrs. William Laird, Florence Marshall, Mrs. Emerson Nelson T. Wright, Morris Dimock, Locke, Norman Rand.

Board of Wardens—For 3 years, Norman Holmes, Lewis E. Staples, Sidney Rand, W. O. Sides; for 2 years, Henry Joy, Wallis Rand, Harold Phipps, Burt French; for 1 year, Mrs. Manning Akerman, Miss Nellie Sides, Ernest Juneau, E. L. Paterson. Both of these meetings were adjourned for a week to hear the report of the budget committee.

Price \$9.50

The Cantilever Shoe has many practical uses. For walking, it's supreme; for strengthening weak arches it is recommended by doctors because of its flexibility; for duty it helps one to accomplish more with less fatigue; for dress it gives that neat and stylish appearance which every woman wants.

TROTTER'S

Journal for a week to hear the report of the budget committee.

The church voted to join in the union meetings of Passion Week, April 15 to 18. On April 11 a report will be given of the Every Member canvass. The annual meeting of the church will be held on April 18.

At the adjournment of the church meeting a business meeting of the parish was held with Henry Joy, chairman of the committee, presiding.

NEWS OF THE NAVY AND NAVY YARDS

Vote Against New Base
The House Naval Committee on Thursday rejected the proposed operating base at Alameda, Calif., by a vote of 6 to 13, claiming the project is inadvisable at present because of the existing facilities at the Mare Island yard.

On Five Hour Run
The U. S. S. Woodcock left the yard shortly before ten o'clock this forenoon for a five hour run off the coast to test out machinery, etc.

Will Report April 28
Commander H. E. Saunders of the Bureau of Construction and Repair who will relieve Commander E. R. Norton will report for duty in the Industrial Department on April 28.

Barometer Readings
The reading of the yard barometer at noon was 29.95, temperature of air 40, temperature of water 35, wind northeast, high water slack 0.11 a. m., 1.04 p. m. Low water slack 6.57 a. m., 7.21 p. m. Sunrise 5.47 a. m. Sunset 5.58 p. m.

Condition Improved
The friends and acquaintances of Commander J. J. Brokenshire, U. S. N., a former chaplain and morale officer at the naval prison, who was stricken with a shock some weeks ago will be glad to hear there is somewhat of an improvement in his condition. Commander Brokenshire is at the naval hospital in Charleston, S. C., where he has been since taken ill. In a letter to friends Mrs. Brokenshire writes that there is some improvement in his condition, but it will of course be gradual and the outcome cannot yet be told, but both are hopeful. She writes that Commander Brokenshire is cheerful and courageous, is ready to face whatever comes with a smile and declares it is all for the best.

Goes to Brooklyn
Private L. B. Smith, yard marine guard, has been transferred for duty in the Brooklyn yard.

In the Hospital
Pharmacist Mate J. E. Gideon who reported for duty a few days ago in the yard dispensary, was admitted to the yard hospital today for treatment.

Visiting Worcester
Charles Baudry, fireman on the yard ferry 132 is on a leave of absence which he is passing in Worcester.

Off Block Island This A. M.
Submarine S-20 on her way to the local yard was off Block Island at 8.40 this morning and expects to arrive during the night.

Week End in Boston
Lieut. J. A. Kelley of the dental corps, attached to the naval prison, is passing the week end in Boston.

Still Coming for the Woodcock
Carpenters Mate Joseph Snatusha from the Philadelphia yard reported for duty on the U. S. S. Woodcock today.

More Work to Be Done
The board of inspection and survey who inspected the Woodcock on Tuesday have recommended further work on the ship and the department has ordered the same to be carried out, to be completed on April 4.

Back from Virgin Islands
Comdr. R. M. Warfield, yard public works officer, who has been on special duty in the Virgin Islands for the Bureau of Yards and Docks for the past two months or more, has arrived in Washington to complete his work with the bureau. He will return to the local yard about April 1.

Visiting Lawrence
1st Lieut. F. M. Snow of the yard marine guard, is passing four days in Lawrence, Mass.

On Weeks Leave
Mrs. Eva B. Dearborn, chief operator in the yard telephone exchange is on a weeks leave of absence.

WEDDED 57 YEARS

Mr. and Mrs. F. W. DeRoche-mont Observe Wedding Anniversary

At their home in Newington on Thursday, Mr. and Mrs. Frederick William deRochemont observed the fifty-seventh anniversary of their marriage and had as their guests their five children, Harry deRochemont, Mrs. Albert Garland, Frederick W. deRochemont, Mrs. E. Oscar Pinkham, and J. Adams deRochemont of the Portsmouth News Agency. Mrs. deRochemont, although in her eighty-third year, superintended the cooking and serving of the fine anniversary dinner.

Mr. and Mrs. deRochemont are among the best known people of Newington and have an attractive home in that town. They are respected by all who know them. During the day they received numerous gifts from relatives and congratulatory messages from friends. Mrs. deRochemont received a beautiful bouquet of cut flowers from Rivermouth Chapter, O. E. S. she being its oldest member.

The couple both enjoy very good health for people of their years. They have passed nearly all their life in their native town. Mr. deRochemont devoted most of his life to farming. He has held various town offices in Newington and has represented his town at the state legislature. He is a member of the Newington Grange. Owing to lameness he is restricted to the house, but is as interested in current events.

Stubborn Coughs Stop Quick With Home Made Cough Mixture

Not until you make your own cough mixture—a half pint of it for a small child—will you know how easy it is to stop any bad persistent cough as it is to stop a cold.

It's pleasant-tasting, but that doesn't stop it. It's knocking out a cough quicker than anything else in the world. Children love it.

Get from any druggist one ounce of Parmit (double strength)—to this add a little granulated sugar as directed and enough water to make one half pint—that's all there is to it.

This loosens the phlegm, stops the irritation, allays the inflammation, cleans out clogged nostrils, makes breathing easier, and causes sore throat and hoarseness to disappear.

With speed almost beyond belief this home made cough mixture stops the toughest hang-on cough, and all because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing healing poultice and blessed relief comes at once.

AT HIGH SCHOOL HALL

Able Address to be Given on "The Mental Safety of the Child"

The second lecture arranged by the Central Council of the Parent-Teacher Association will be given at High school hall on Thursday evening, March 27, when Dr. J. Mace Andrews will speak on "The Mental Safety of the Child."

Dr. Andrews, who is lecturer on Health Education at Boston University School of Education, is an eminent authority on his subject and Portsmouth people are fortunate to have this opportunity to hear him.

A musical program will be rendered from 7.45 to 8.15 o'clock by the Gardner Trio of this city. These young people, pupils of the High school, are

TRAIP ACADEMY STUDENTS SCORE GREAT SUCCESS

Musical Comedy Kathleen Presented Before Enthusiastic Audience for Benefit Of Senior Class

The musical comedy "Kathleen" was presented by Traip Academy students in Academy hall, Kittery, last evening as a benefit for the senior class in a manner that brought continued applause from the large audience present. The performance was a finished production in every respect and showed much diligent effort and earnest endeavor that brought words of praise from every one present.

From the start of the performance to the closing curtain there was not a dull moment and everything went along smoothly, there being not the slightest hitch to mar the excellent manner in which the entire affair was conducted. The students, who took part demonstrated that they are a way talented group of young people and rightly deserve the pride which the citizens of the town should take in them in every phase of their school life.

The songs in "Kathleen" were bright and catchy, the dances pretty and cleverly executed and the dialogue interesting and witty.

Francis Mullen, Raymond Hutchins, Miss Muriel Morrow and Carroll Evans were the laugh producers and they hardly moved or spoke without moving the audience to laughter.

Miss Mary Fernald and Hobart Cole as the leading characters were excellent. Miss Fernald has a very

MISS MARY FERNALD
"Kathleen"

sweet voice and her songs were very pretty. Miss Violetto Landers as "Flossie Neverset" was also fine, tak-

ing a difficult part in an extremely clever manner. Alexander Perry and Wesley Rhodes were splendid in their parts and Burgess Dorr as the butler gave a clever interpretation of this character. Too much praise cannot be given

MISS VIOLETTE LANDERS
"Flossie Neverset"

the Dream Kiddies, over 50 tiny tots, who were one of the big hits of the show, being the recipients of hearty and continued applause.

Those who took part in the various dances deserve much praise—as the numbers went off with a smoothness and precision that would have done credit to professionals who had been trained for months instead of amateurs with very brief practice and but comparatively few rehearsals.

The story of the play was a pretty and amusing one and carried a plot that kept the audience interested throughout. Much credit is due the director, Miss M. Dorabelle Strong, for her untiring work which made the production such a success.

Yesterday afternoon a matinee was given for the children who enjoyed it

MISS M. DORABELLE STRONG

KITTERY POINT

Kittery Point, March 21.—Mrs. S. E.

Woodbury is visiting her sister, Mrs.

Edward Terrio of Newington for a

few days.

The choir rehearsal of the Baptist

church will meet with Miss Helen

Woodbury on Saturday evening.

The Wednesday evening whist club

was entertained by Mrs. Victor Amee

this week.

Miss Esther Graham is spending

Friday and the week end with her

sister, Mrs. Alvord of South Way-

mouth, Mass.

A very large number from this part

of the town attended the musical

comedy Kathleen for the benefit of the

senior class of Traip Academy last

evening.

The Ladies' Aid Society of the Ep-
ist church are asked to meet at the

vestry on Saturday to finish up the

work which was not completed on

Wednesday.

Mrs. Edmund Knowlton has return-

ed to her home in Beverly, Mass., af-

ter spending a few days with relatives

here.

There are 205 bones in the body of

a horse compared with 210 to 220 in

the body of a man.

NOL PROSS CASE OF FORMER DOVER POLICE OFFICER

Edgar Caverly, a former Dover police officer, was before Judge Murphy of the municipal court in that city on Thursday.

The respondent was arraigned on a complaint charging him with remaining in a group of more than three people for a period longer than three minutes after being told to move along by an officer. The respondent pleaded guilty.

City Solicitor Sherry appeared for the state and said that from the information and knowledge that he had of the case he would make a motion to nol pross the case.

The court granted the motion of Solicitor Sherry and ordered the case nol prossed. The whole proceeding of the court lasted but a few moments and a large crowd of spectators were present.

WOMEN A BUNDLE OF NERVES

"Everything irritates me,—I am a bundle of nerves, I ache all over and cannot sleep and am so despondent." This extract from a letter written from one woman to another describes the condition of many women who suffer from feminine ailments. Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. For fifty years it has been restoring sick and ailing women of America to health and strength.

TOM WILSON GOING BACK ON OLD JOB

Will be Kittery's Postmaster on April 1. Three Applicants for the Place

Thomas E. Wilson has received his commission as Postmaster at Kittery to succeed the present Postmaster Matt R. Hubbard. Wilson formerly held the position under President Taft but was relieved by Hubbard under the Democratic administration.

Oats now the *quickest* breakfast

**Quick
Quaker**

cooks in 3 to 5 minutes

A rich, flavory oat breakfast in half the
time of coffee! Quicker than eggs—no
longer than plain toast!

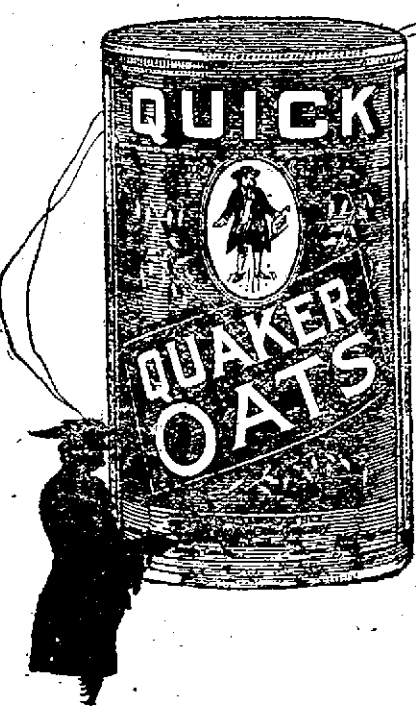

Ask your grocer for QUICK QUAKER.
And enjoy a new delight.

Same plump oats as regular Quaker
Oats. But cut, before flaking, rolled very
thin and partly cooked—smaller flakes
that cook faster, that's the only difference.

All that rare Quaker flavor. All the joy
of hot breakfasts—quick.

WANT DR. TASKER REAPPOINTED

At the quarterly conference of the Methodist church held in the vestry Thursday evening, Rev. E. A. Durham, district superintendent, presided. The reports of the past year were read and showed that much had been accomplished and that the church was in a good financial condition. It was unanimously voted to request the superintendent to recommend to the New Hampshire Methodist conference the reappointment of the pastor, Rev.

E. S. Tasker, D. D., for another year. In the three years Dr. Tasker has been pastor of the local Methodist church he has done most commendable work and he has been most helpful in community work and it is hoped he will remain here for the coming year.

GOODS DELIVERED ANYWHERE IN THE CITY

GRAFFORT CLUB ACTIVITIES

The travel department of the Graffort Club held its monthly meeting Thursday afternoon at the home of Mrs. Harry E. Boynton on Middle street. Miss Martha E. Price gave a most interesting talk on a vacation trip abroad of three months along the Red Sea and the Mediterranean. There was a large attendance at the meeting, which was the last one of the season. At its close the hostess served tea and assorted cakes.

The annual card party given by the Graffort Club for the benefit of the District Nursing Association will be held in the I. O. O. F. lodge room on Wednesday afternoon, March 26, at two-thirty o'clock.

The talk of Mary Harrod Nordend on April 2 at Pierce Hall on the "Evolution of the Garden" is pleasantly anticipated. She will illustrate her talk by views of old-fashioned gardens in New England and will give numerous worth while suggestions on attractive gardens.

William Dean Howell's little play, "The Sleeping Car" will be presented by members of the club on Wednesday evening, April 3, in Association hall and before club members only.

The club will hold its annual Timble Doo on April 23 at 2:30 p. m., when sewing will be done for local institutions. A tea will follow.

The club's season will end with the annual meeting and election of officers on May 7. A club tea will follow and musical selections will be given.

METHODIST BOYS WIN AND LOSE

On Wednesday evening the Methodist Junior team won their game from the Baptist quintet, 22 to 0. Then in their second tilt of the evening they lost to the Sir Calahad boys by a 20 to 4 score. In both games, they showed better form than at any time during the season.

As a result of Wednesday evening's contests, the league standing with one game still to be played, between the Court, St. Christian and Baptists, is as follows:

	Won	Lost	Pc.
Sir Calahad	8	0	100%
Court St. Christian	3	3	50%
Baptists	4	4	50%
Congregational (N. C.)	2	5	28%
Methodists	6	2	75%

5 PUT IN FOR ANCHORAGE

Three Gloucester fishing vessels, the schooner Nellie Eaton with coal and the George Bradford with granite, put into the lower harbor this forenoon for anchorage owing to the north east wind and sea conditions.

PERSONALS

Ira Brown was in Boston today. Frank D. Butler passes the week end in Malden.

Miss Sara Shea of the telephone exchange is enjoying a vacation. James E. Deal of Kittery leaves tomorrow for Stamford, Conn., where he takes up employment.

Coach Fred Jordan went to Tufts this afternoon to witness the New England interscholastic basketball games.

William Brissson who operated one of the big Mack trucks under former Supt. David R. Smith, has joined him in Jersey City in a good position.

Percy E. Jewell of Exeter, county Y. M. C. A. secretary and director of Camp Onway, was a visitor in this city this week in the interests of the summer camp.

Mrs. A. F. Haddock and Mrs. Annie Grant entertained Mrs. H. D. Shorey and Mrs. Nora Lord of So. Berwick. Mrs. Perla Cole and daughter Eunice of So. Eliot on Thursday.

Miss Beatrice Williams of Jones Ave., who has been spending the winter in Alexandria, Va., with Doctor and Mrs. Hiden or Alexandria, Va., will return to this city about the middle of April with the Hidens who have a summer place in North Hampton.

Mrs. Sidney Rand passed Thursday in Boston to attend the meeting held under the direction of the New England Board of the Women's Baptist Missionary societies. Women from cities of all the New England states were in attendance. Mrs. Rand went as a representative of the Portsmouth woman's association.

Rev. Alfred J. Cardall, pastor of the Universalist church, returned last evening from California, where he passed the winter with his family. He much enjoyed his extended leave of absence and is feeling the good effects of his vacation. He is receiving a hearty greeting from his parishioners and friends.

CUT GAS PRICE FOR BIG USERS AT CONCORD

Concord, March 21—Notice of a reduction in gas rates for heating purposes to large users was filed yesterday with the public service commission by the Concord Gas Co. Users of 50,000 or more cubic feet of gas a month will benefit. The proposed rates are \$2 for the first 100 feet, 10 cents a hundred for the next 2000 and 85 cents for all users of over 2000 feet. The minimum monthly charge is fixed at \$21.50.

U. S. NAVY WAY BELOW THE NAVAL RATIO

Washington, March 21.—Declaring that the United States navy is not being maintained at the 5-5-3 ratio set by Washington Conference Congressmen John Jacob Rogers of Massachusetts said yesterday that four of the eighteen battleships authorized by the treaty have already been lost from the battle line and that two others will be lost unless prompt action is taken. In discussing the increasingly unsatisfactory condition of the sea establishment, he asserted that this country was weak not alone in capital ships, but in cruisers, submarines and aircraft carriers.

"My attention," said Congressman Rogers, "was called recently to a speech made before the Reserve Officers' Society of Washington by Captain D. W. Knox, chief of historical section of the Bureau of Operations, in which he said that the ratio, instead of being 5-5-3 is really 2-1-2-5-3 with the United States having the lowest figure. One of two things follows, either Captain Knox is wrong and should be reprimanded for misleading the country or the Budget Bureau and Congress are in error and should be taken to task for allowing the navy to be weakened."

"Inquiries which I have made reveal that the United States has dropped behind in the 5-5-3 ratio through deterioration of four ships, namely the Florida, Utah, Wyoming and Arkansas, which under the treaty cannot be replaced prior to 1934. Safety has made it necessary to reduce the boiler pressures on these ships from 220 pounds to 150 pounds, thus limiting the cruising speed to 12 knots, instead of 20 knots, the speed they should have. In consequence, the four ships are lost from the battle line, reducing the tonnage ratio to 580,450 for Great Britain, 405,000 for the United States and 301,350 for Japan; the ratio in the circumstances is 5-4-3. I am further advised that the ships to which I refer cannot now take part in the fleet tactical exercises through inability to keep their places in the fleet."

"To make bad matters worse, two other ships, the New York and the Texas, although not quite so ineffective in boiler plant requirements, are in need of reconditioning. If they are not reconditioned then we will have six of our eighteen units ineffective and our ratio will be 3-1-2 as compared with five for Great Britain and three for Japan. To maintain our treaty position, and certainly it should be maintained, it is highly essential that the four battleships be converted immediately into oil burners and given additional deck and torpedo protection and that within a year there be similar reconditioning of the New York and the Texas. The estimated cost in the first instance is \$11,500,000 and in the second \$7,000,000. Legislation making the repairs possible is highly essential."

"The situation as regards cruisers is anything but pleasing. Considering cruisers built since 1910, Great Britain has fifty, Japan twenty-nine, and the United States only ten, the ratio being 5-3-1. Furthermore on March 13 last, British naval estimates were made providing for five new cruisers. Our Navy Department has asked for eight light cruisers, but none has been authorized."

"On paper we have a slight advantage over Great Britain and Japan in the matter of destroyers, but it must be recalled that a considerable proportion of our destroyers are tied up at docks rather than in use. We are as ineffective comparatively with regard to cruisers, for we have no mine layers or cruisers, the most important types of submarines in fleet action. In aircraft carriers we are outranked by Great Britain. We have one built and two building, whereas Great Britain has three completed and three building. Japan has the same number as we have, our tonnage exceeding that of Japan by only 15,400. It is high time that Congress gives serious consideration to the needs of the Navy Department."

JOINT-EASE For Stiff, Swollen Joints

Rheumatic or Otherwise

Says: "When Joint-Ease Gets in—Joint Agony Gets Out"

It was a high-class pharmacist who saw prescription after prescription fail to help hundreds of his customers to get rid of rheumatic swellings and stiff joints.

And it was this same man who asserted that a remedy could be compounded that would make creaky, swollen, tormented joints work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases, is offered through progressive pharmacists to the millions of people who suffer from ailing joints that need limbering up.

Swollen, twinged, inflamed, stiff, pain-tormented joints are usually caused by rheumatism, but whatever the cause Joint-Ease soaks right in, through skin and flesh and gets right to and corrects the trouble at its source.

Remember Joint-Ease is for ailments of the joints, whether in ankle, knee, hip, elbow, shoulder, spine or finger, and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at Philbrick's Pharmacy and druggists everywhere for 60 cents a tube.

tion making the repairs possible is highly essential."

"The situation as regards cruisers is anything but pleasing. Considering cruisers built since 1910, Great Britain has fifty, Japan twenty-nine, and the United States only ten, the ratio being 5-3-1. Furthermore on March 13 last, British naval estimates were made providing for five new cruisers. Our Navy Department has asked for eight light cruisers, but none has been authorized."

"On paper we have a slight advantage over Great Britain and Japan in the matter of destroyers, but it must be recalled that a considerable proportion of our destroyers are tied up at docks rather than in use. We are as ineffective comparatively with regard to cruisers, for we have no mine layers or cruisers, the most important types of submarines in fleet action. In aircraft carriers we are outranked by Great Britain. We have one built and two building, whereas Great Britain has three completed and three building. Japan has the same number as we have, our tonnage exceeding that of Japan by only 15,400. It is high time that Congress gives serious consideration to the needs of the Navy Department."

ONE MELLON FEATURE BACK

Washington, March 20.—The Senate Finance committee has rejected the first House amendment to the Revenue bill reached in its study of the measure and reinserted the Mellon provision for taxing profits on stock dividends redeemed on liquidation proceedings.

The House had made such profits subject to the surtax rates rather than the capital gain tax of 12-1/2 percent, a lower rate than the average surtax.

A disposition on the part of the majority committee members to replace the Longworth compromise income tax schedule with the Mellon rates also became apparent yesterday.

Democrats at the same time were lining up solidly against the move and were counting on the support of Senator La Follette of Wisconsin.

Should this opposition develop, the nine other Republicans would have to back the Mellon rates against the vote of the seven Democrats. In this connection the Administration advocates of the Mellon rates are somewhat hopeful of the attitude of Senator McCormick, Republican, Illinois, who was instrumental in bringing about the House compromise and has indicated he favors higher surtax rates than proposed by Mr. Mellon.

Warsaw, Poland has a naval school to train officers to command the future Polish commercial fleet. The present fleet is not sufficiently large to take all the graduates and the government is arranging to have some of them serve in foreign merchant fleets. Four graduates are being sent to the United States, having been promised employment on liners.

At Cooch's Bridge, Delaware, a monument marks the spot where the American flag is said to have been first unfurled in battle.

SUMMARY OF WORLD NEWS

New York—The first public speech in this country by Sir Esme Howard, newly arrived Ambassador from Great Britain, delivered before the Pilgrims of the United States and broadcast by radio, was heard clearly by the London Pilgrims.

New York—Four men are on trial here, charged with having swindled immigrants of \$135,000 by selling them stock in a hole in the ground, near Yonkers, N. Y., upon promises that it would yield \$100,000,000 as a platinum, gold and silver mine.

San Francisco—The California citrus crop last year sold for a total of \$105,000,000, according to figures compiled by the University of California. This represented the gross profit, and about one-third of it went for transportation expenses.

Washington—A bill authorizing the expenditure of \$7,500,000 for the improvement of roads and trails, inclusive of bridges and monuments, in the National Parks, under jurisdiction of the Interior Department, is now before the Senate.

Manila—"American capitalists in the Philippines will not need protection of the American flag after independence has been granted the islands, but will be treated squarely, even generously," Manuel Quezon, president of the Insular Senate, has declared.

Urbana, Ill.—Sixteen University of Illinois students have been barred from campus activities because of membership in Theta Nu Epsilon, secret political fraternity.

Brussels—About 450 Hungarian children, between the ages of 6 and 14, have arrived here from Antwerp on a special train. They were in charge of four Hungarian women and will stay in Belgium six months.

Paris—The total effectives of the French metropolitan and colonial troops, as fixed for March 1, 1924, was 673,827 men, according to Minister of War, M. Maginot. These figures, he said, are the minimum to which the French Army can be reduced and still provide adequate protection for France. The amount placed in the budget for 1924 for the sustenance and equipment of these troops is 1,312,000,000 francs.

Tokyo—A draft for \$3,000,000, representing the remainder of the American Red Cross earthquake relief fund, has been handed to Foreign Minister Matsui by Cyrus E. Woods, American Ambassador. Half of the sum is for construction of a hospital and the remainder to endow the institution.

Princeton, N. J.—Forty-two Princeton men have been elected to the National Honorary Scholastic Society of Phi Beta Kappa. It is announced. Thirty-four of them are seniors and six juniors.

Atlantic City—Hope that the "small boys at Washington, whom we dignify with the name of congressmen, will grow up and do the man's job for which they are paid," was expressed here by William Cordes of Florence, Mass., president of the American Brush Manufacturers' Association.

Belfast—Danis McCullough has been awarded \$54,410 damages by the Free State for the destruction of his music shop in Dublin during Republican troubles. He was formerly Irish envoy to the United States.

BACK of the men on the operating floor at the gas works, back of the fellows who come around to interview your gas meter every month, back of the loyal men and women who are putting the spirit of coal into your homes, there stands a splendid tradition.

Interruption of service is practically unknown. Short of conditions bordering on calamity, it has never happened.
The gas business is a 24-hour, 365 1-4 day industry, winter and summer, bad times or good times. The fires must never go out, and service must be constant, never falling, always on tap. Such are the traditions of this industry, now in the second century of its existence, the oldest of our so-called modern utility services.

FARMING

THE BIGGEST BUSINESS IN THE COUNTRY

THE war demonstrated that the country that couldn't feed itself in a time of national peril was continually in danger. The farmer is the man who makes possible the feeding of this or any nation.

Farm values today are at top notch prices. Farmers have invested millions in buildings and equipment. All this equipment, all the buildings, represent an investment which should have the best protection against depreciation in value.

The greatest enemy of farm buildings and machinery is weather. Decay causes losses of many millions annually. Protection against weather is one of the best insurance policies in which the farmer can invest. Good paint, properly applied furnishes this insurance.

SHERWIN-WILLIAMS PAINTS AND VARNISHES

Commonwealth Barn Paints, Implement Paints and Roof Paints offer the maximum protection against rain, snow, frost, heat, cold, sun and other destroying influences. They are made first of all for protection. They increase the life of your buildings and equipment—they will increase the value of your property.

Painting is cheaper than repairs. Paint your home, barns, silos, out-buildings and machinery now before your busy season begins.

STATE SOLICITS INDIANS' HELP IN DISPUTE

(By Associated Press)

Austin, Tex., March 21—In the dimmed memories of nine aged Indians and Mexicans, last reminders of the pioneer west, the state of New Mexico has sought the solution of a boundary dispute with Texas, involving 20,000 acres of rich land.

The line between the two states where they meet the northern boundary of old Mexico was established along the channel of the Rio Grande river in 1850. Since then, however, the channel of the river has shifted, carving out of New Mexico 20,000 acres of land and placing it in Texas, according to contentions of the former state.

In the days before the fifties, Indians and Mexicans traveled back and forth from Mexico to the United States, using the trails that followed the meandering river. A number of these Indians and Mexicans, who were then boys, are still living and the state of New Mexico has sought their aid to establish the old channel of the river, which the state alleges is 3,000 feet east of the present channel. Testimony of these men have been used in a suit brought by New Mexico, pending in the United States Supreme Court.

Traveling back along the paths of memory almost four score years, the old men have attempted to trace for the New Mexico engineers the course of the fickle Rio Grande as it existed in 1850. On the banks of the river these Indians and Mexicans fish and hunted and followed the trails when going with their fathers to the frontier settlements. With true Indian instinct, they knew each tree, each bend of the river, each trail through mountain and forest.

And now they have retraced the steps of their youth, returning over the roads where the forgotten trails once lay, to point out what lingering recollection still tells them was the

old channel of the shifting stream. Many of the old marks by which they were guided in their travels 75 years ago have vanished utterly, but the unchanging mountains and the friendly trees remain as guides.

In a voluminous brief, just prepared by the state of Texas, it is contended the evidence offered by these old men is too vague and uncertain to establish definitely the course of the river in 1850. New Mexico argues that, taken together with old surveys and treaties, this evidence lies beyond a doubt the true river channel.

COUNTY Y. M. C. A. NOTES

The Hi-Y Club of the Exeter High school held its regular meeting on Thursday, March 21 at 3 p. m. Plans were made by the club to build up a stronger school spirit. Mr. McKelvie, adult advisor of the group, addressed the student body on Friday morning, giving them some of the plans of the club. The week of March 17th is known as tag week, each boy being asked to buy a tag which will, at the end of the week be exchanged for an athletic ticket which will admit the boy to baseball games for the 1924 season. Each member of the Hi-Y has been assigned a morning, on which he will address the student body on school spirit. On Wednesday morning, President Raymond Hoyt introduced R. Walter Givens of Dover, Strafford County Y. M. C. A. secretary who gave an excellent talk on school spirit. The regular meeting of the club was held at 3 p. m. at which time plans were made for the club to go to Dover soon to receive the induction ceremony by the Hi-Y Club of Dover.

The various Camp Fire Girls groups of Exeter will hold a Grand Council Fire at Smith hall, Exeter, Tuesday evening at 7.45 o'clock. All interested persons are urged to attend this meeting and get a better and clearer understanding of what Camp Fire can mean in the life of girls. Motion songs, the ritual work, acting out of honors, initiations and cheers will be given.

The leaders' training class of young men of Exeter met at the secretary's office Monday night. The next meeting will be held March 28.

Many articles made by the Camp Fire Girls of Exeter are on exhibition in the window of the Baker Agency. These articles will be in this place until Tuesday when they will be removed to be shown at the Grand Council Fire.

The March meeting of the county committee will be held at the county secretary's office March 22 at 2 p. m. The Camp Onway circulars and registration blanks for the girls' camp in August are now ready and may be secured from the county office.

The Camp Onway boys club of Exeter held a meeting on Thursday night, 12th. Several gifts have been made through this club to the camp. The next meeting will be Monday, March 24.

Twenty-one Exeter Camp Fire Girls have registered with Miss Gaudette for the Home Nursing course offered by the American Red Cross. The lessons are very interesting and profitable and much can be gained in Camp Fire honors by taking this course.

The Camp Fire Girls of Exeter attended the Unitarian church last Sunday morning, where Rev. R. H. Nye gave a most interesting and helpful Camp Fire sermon.

The four organized groups and one group about to be organized in connection with the North church of Portsmouth was given a most enjoyable supper by the unit of that church. Over eighty girls were present. A Camp Fire Alumnae will be formed here from which the church will draw its future leaders for Camp Fire.

Application for Camp Onway and information can be received at the local association building concerning the camp.

MORE POTATOES URGED FOR NEW HAMPSHIRE

With a favorable soil and climate for potato production, with an exceptionally large market at our very doors increasingly demanding more potatoes for its tables, and with high freight rates which give New Hampshire an advantage over even Aroostook, this state is not making the most of its opportunities in potato culture, declares a bulletin just issued by the New Hampshire University Extension Service. One of the principal obstacles seems to be continued hand production on small areas. The modern potato grower must use adequate machinery on good-sized areas or he cannot successfully compete with the large scale production of other sections. Potatoes should be grown by the five or ten acre field rather than by the patch. Other obstacles have been the use of poor seed, long rotations, failure to protect the crop from disease and poor grading. The bulletin gives in detail the practices found most useful not only at the University Experiment Station, but also by leading growers throughout the state.

SOME VAMPS IN THAT TOWN

If the person who so kindly warned me through the mail about my husband and another woman will call at my home I will give them the names of seven others—so why worry about one more?—Personal in Bloomsburg, Pa. Press.

COOLIDGE GIVES FATHERLY ADVICE TO GROUP OF BOYS

Washington, March 20—President Coolidge interrupted his work for a while today to give fatherly advice to a group of boys who called to ask him to head a committee arranging for the nation-wide celebration, April 27 to May 3, of "Boys' Week."

"I have two boys of my own," the President reminded his callers. "I tell them there are only two things necessary for boys—hard work and behave themselves." Do that and there won't be any doubt about the future of this country.

"The boy is the father of the man. Remember that when you grow up you will be about the same kind of man as you are a boy. You don't need to rob yourself of your boyhood, but you can take pleasure in a manly way. You will find when you grow up that the things you learn now will be the things you must know then. You will have to obey the laws, and it is important for you to learn the lessons of obedience now."

"Remember that this is your country and the country will be what you make it. A good boy now will make a good citizen later."

MUST TAG YOUR PARCELS POST FOR CANADA

Beginning April, all parcels post matter for Canada must be accompanied by a customs declaration, consisting of a small tag to be filled out by the mailer and attached to the parcel.

The tags can be obtained at the postoffice.

KENT RESIGNS DRY LAW POST

Manufacturers Utilize Upson Board for Products—

They find it much more economical and just as efficient as this lumber for making a wide range of commodities, from toys and refrigerators to nurseries, showcases, signs, signs, signs and furniture. Upson Board works like wood, is as durable, and takes any kind of paint perfectly and inexpensively. It is waterproof. Every manufacturer can use Upson Board profitably—not only as the most efficient and attractive lining for walls and ceilings—where it cuts heating and lighting bills, but also for a hundred other purposes: Making shoe divisions, machine guards, wardrobes, closets, partitions, bulletin boards, storage cabinets, stock rooms, lavatories, bins, etc.

Better than Plaster for Walls and Ceilings

UPSON-BOARD
The Most DEPENDABLE Board made in America

It pays to always keep a bundle of Upson Board around the factory. Upson Board is not like other wall boards. It is nearly twice as strong; harder, stiffer, paints better, with half the cost. It does not warp or buckle like flimsy, puny boards. Avoid cheap, irresponsible imitations of Upson Board. They may approximate the appearance, but not the quality of this Dependable Board with the famous BLUE color. Investigate at your dealer's. Or invite our representative to call upon you.

LITTLEFIELD LUMBER COMPANY

HARD FOUGHT DRAW MARKS MAIN BOUT

St. Helaire After Nearly Losing in Second Round Fights Gunboat Jack to A Standstill

Joe St. Helaire of Somersworth, grizzled and almost old in the second round of his bout with Gunboat Jack of Lawrence, before the Bellevue Athletic Club last night, came back, and after weathering the third round by a narrow margin, was able to get a draw at the end of the tenth with both men on their feet and battling strong.

It was a great bout and the crowd which was one of the biggest that has attended a fight in this city, was keyed up to a top pitch all through the melee. There is no question but that both boys were in wonderful condition and were able to stand punishment for they both had to absorb a lot last night.

In the opening round they did little more than feel each other out, until the last few seconds when the colored boy cut loose. In the second he was all over St. Helaire and crossed his right to his jaw so effectively that St. Helaire went down and remained for a time. He was very much dazed when he got on his feet and could not save himself from punishment, but the bell gave him a breathing spell. The colored lad went after him strong in the third round and it looked as though he would put him away but the Frenchman is a tough lad and managed to weather the round. The colored boy had the better of the fourth and fifth rounds but after that St. Helaire fought a crafty fight and took the fighting to Jack, landing effectively on his head and body. He had much the better of the sixth, seventh and eighth, but in the ninth the colored fighter showed a come back and had the shade the better of the round. They were swapping punches when the bell ended the tenth round and Referee Rintz gave it a draw, which was fair enough, and lucky for St. Helaire, for he came very near passing out of the picture.

There was a special train from Somersworth and Dover and it brought down at least five hundred people, and they were apparently well pleased with the show.

The semi final was a win for Young Deansel of Dover over Kewpie Roy of Manchester. This was a six two-minute round bout in which the Manchester boy did not look as good as in previous shows and other than the first round he seemed to lack his usual aggressiveness. In credit to him however, it should be said that he arrived late after a trip by auto from Manchester and with the condition of the roads now it is small wonder that he appeared tired.

Young Alberts stopped Sabor Jack Stanley, at least that was the name he boxed under, in the second round. He was no match for the rugged Portsmouth lad.

The opening bout between Pat Woods of this city and Doc Deibols of the Navy was a terrific affair, with the local lad making a much better showing than was expected. He had considerable weight on the sailor but he outboxed him also, and clearly had the better of the fight.

WILL VISIT THE INCINERATOR

Supt. Harry Dore has invited the directors of the Chamber of Commerce and last year's garbage disposal committee to visit the new incinerator next Tuesday, at 2 p. m. Mr. Dore has selected that hour as about the time on Tuesday, the plant would be carrying its heaviest load. Those attending will be able to see the efficiency and absolute lack of obnoxious odors that accompany the handling of such a large amount of refuse.

Last year's Chamber of Commerce committee which worked diligently to create public sentiment on the incinerator are as follows: Harry E. Philbrook, M. C. Pike, Miss C. E. Wright, Mrs. E. R. Elsen, E. E. Frederickson, Dr. G. A. Trelick.

STOCK DESTROYED IN KEENE FIRE

Keene, March 21—Firemen were given one of the toughest battles of the year when flames swept through the middle of the Spencer Hardware

Co. storage house on Railroad street yesterday afternoon. Most of the goods were burned and the rest were destroyed by water, causing the entire loss of stock. Herbert A. Woodward, one of the proprietors, valued the stock at more than \$2000.

BOWLING

West End Alleys
The Portsmouth Creamery team defeated the Badger-Rand Ice Company team by 27 pins on the West End alleys last evening. Shaw, for the creamery six, led with 216. Connors for the ice crew was high with 271. The summary:

Portsmouth Creamery		
Brigham	74	77
Griffin	72	69
Pleming	79	95
Shaw	97	89
Peckham	79	73
Reardon	89	95

Badger-Rand Ice Co.		
Rand	79	63
Harvey	70	72
Kinch	77	91
Quirk	76	81
Connors	82	88
McDonald	63	84

Atlantic Dye League
Four teams from the dye plant held the boards at the Arcade alleys Thursday night. The Reds and Maroons worked with four men teams. The Maroons took some of the color out of the Reds for 31 pins. Bestwick for the losing team fell 3 short of the 300 total. Hamilton was leading man for the winners with 274.

The Blues cleaned up the Blacks for 28 pins. Deitch, Hogan and Lowd nailed the maple sticks for over 100. Deitch led the Blacks with 274 and Lowd with the same figures headed the winners. The summary:

Reds		
Dimock	69	82
Wright	89	76
Mendowcroft	81	66
Bestwick	100	93

Maroons		
E. Smith	82	74
Sanderson	79	93
Rackley	81	89
Hamilton	81	96

Blacks		
Little	85	78
Hamblin	63	68
West	92	76
Deitch	111	82
Hogan	104	77

Blues		
Estey	77	86
Blood	84	86
Lowd	83	102
Robinson	92	95
Lester	77	98

Blacks		
Little	85	78
Hamblin	63	68
West	92	76

Lowd	83	102
Robinson	92	95
Lester	77	98

FANS HELPING BOWLING TEAM

A subscription list headed by Mayor Orel Dexter, a bowling fan, has been started to help defray the expenses of the local bowling team which is to take part in the national bowling tournament in Boston next month. It is planned to send six men and the expense is so large, over \$50 for entrance fee alone, that a paper has been started and everyone who is interested in having the city represented in the tournament is invited to subscribe.

The following is the list so far: Mayor Orel Dexter, \$10; Arcade alleys, \$10; Leigh Bunnell, \$2; Arthur Gardner, \$2; Ormas Paul, \$2; Harry Winbaum, \$1; W. F. Woods, \$2.

RYE

Christian Church
J. E. Everingham, minister.
Bible school at 1:30 p. m. Miss Besse M. McCasie, Supt.
Service for public worship at 2:30 o'clock with sermon by Rev. O. A. Henry D. D., of Akron, Ohio.

Evening meeting in the vestry at 7:30. Fifteen minutes of Gospel songs. The pastor speaks of the last part of the Dinner Parable: Three Foolish Excuses and the Tragedy of the Excused.
Hear Major Knox of Manchester in the Town Hall this evening, Friday.

CLEARING OUT LAFAYETTE ROAD

While the roads are clearing up some there is still a lot of snow, and side roads as a rule are impassable for automobiles. The Board of Public Works had a gang of men and a road scraper at work on Lafayette road, near the Lang road, where there was a bad drift and there is another bad place near the Day farm. No cars have come through from Exeter via Stratham and few from Dover. In Rye the roads are still blocked in some parts.

Of about 500 varieties of mussels in the Mississippi and its tributaries about 40 lend themselves to pearl culture.

GAINS CULINARY PRIZE
The Chicago School of Arts and Science recently held a contest to determine the most efficient breadmaker in the country. Loaves of many sizes, shapes and ingredients were submitted, but when all had been tasted it was declared Miss Louise Findlater had prepared the prize winning loaf and was awarded \$25.

RAILROAD NOTES

Better Outlook
D. A. Belden of the Dover, Somersworth and Rochester R. Ry. has announced that the line will not go into the hands of a receiver on April 1, and that the proposed suspension will be delayed a few months but in no case beyond Oct. 1, unless the company's financial position shows a marked improvement by that date. If the liberal patronage which has been enjoyed by the company during the past few months continues the suspension will no doubt be delayed many months.

Mr. Belden says the patronage of the road has substantially increased in the past two months, which the owners hope is the reflection of a general desire to preserve the service.

May Have to Close
The transfer of the railroad terminal from Portland to Rye has worked a hardship on the Railroad Y. M. C. A. at Portland and for a lack of patronage the institution may have to close its doors. It was established 26 years ago.

Running to Rye Beach Postoffice
The Portsmouth Electric Railway for the present is terminating the Rye line service at Rye Beach postoffice owing to much snow that is piled up hard and fast on the roadbed. A Holt tractor plow from Portsmouth attempted to get through it on Thursday but finally gave it up.

Weekly Pay Day
The local employees of the Boston and Maine and the Portsmouth Electric Railway, were paid today for the week ending March 15.

GIVES TALK ON CURRENT EVENTS

The usual monthly supper was served Thursday evening to the members of the Woman's City Club at the Woman's Building on Middle Street. It was a most social occasion and the menu served was a fine one and much enjoyed by the members.

The rooms were artistically decorated with pink spring blossoms and pink candles, the effect being very pretty on the dainty white tables. The menu was as follows: Cold roast turkey, dressing, mashed potatoes, City Club salad, rolls, cookies, ice cream and coffee.

After the supper Mrs. H. B. Carpenter, president of the City Club,

announced a future whist and Mah Jong party, a Quilting bee and a lecture on "Fashion" for the near future. After the announcements Mrs. Carpenter introduced the special guest of the evening, Prof. Charles F. Towle of Lasell Seminary.

Professor Towle spoke in an interesting, instructive and entertaining manner on "Current Events." He said in part that he could not say that he was one who came from far places to tell us all about the world, but he was one who had tried to become acquainted with his world as consistently as possible. He is an American trying to look at his world.

He believes that the oil investigations at Washington, which have so disturbed the whole country, will in the end prove a very good thing. He spoke of the overnight assassinations of the characters of many of our leaders, saying how far the "mud" had reached, overthrowing innocent as well as guilty ones. He told how he believes that the manipulation of the investigations of the committee are just so much political capital.

During the evening Mr. Towle read an amusing article from Thursday evening's Boston Transcript, comments on the oil scandal in Washington by people from different walks of life. They were very much to the point. The one that stands out is this one, "The substantial people of the country have not lost faith in Coolidge" and though many may now vote for a third party, Coolidge is still a favorite, because, in spite of the "mud" he is outside.

Denby resigned as a wise step for his party. It has not been actually proved that the granting of leases was a bad thing—this will be proven in court. Daugherty is willing to stand up and fight. It is fair that he should be given that chance. In closing his talk on the oil investigations Mr. Towle said that for ten years a critical spirit has grown up in the United States—we do not seem satisfied with our form of government. In the old days we used to send representatives to make our judgments, now the representatives have to act as a sounding-board to the judgments of those back home. Some people say, "Go back to the old form," but we cannot do this because of the trend of our times. We have to face this and, with President Elliot, "look up, not down; look forward, not backward, look out, not in." It is up to us to choose good leaders. We must not be too busy to look into things—we must set the examples of good leaders for our children, so that when they are in high places they shall be responsible leaders.

Mr. Towle spoke of the wonderful personality of the late Woodrow Wilson and his influence for ideals of democracy. He said that he believed that Wilson would go down as a great name in history.

Turning to England, Mr. Towle told of Ramsey MacDonald and what he is doing for England. A reparation committee of which our own Charles Dawes is the head is working in France to estimate Germany's responsibility. Turning to Russia he spoke of the late Lenin and of his experiments in bolshevism. These have proved so terrible that Russia, no doubt, in twenty years will be the most individualist country in the world, all ideas of a soviet government blotted out.

A rising vote of thanks was given to Mr. Towle by the members of the club.

The following committees were in charge of the supper: Mrs. Edgar Hoyt, chairman, assisted by Mrs. D. Leahy, Mrs. Googins; dining room, Mrs. Cora Woods, assisted by Mrs. Leah O'Brien, Mrs. Esther Seawards, Mrs. Margaret Corey, Mrs. Georgie Lear, Mrs. Agnes Ferguson, Mrs. Lena Byrnes, Miss Anna Cronin, Miss Mary Cronin.
